MAMMOTH SHEET.

OFFICE OF THE SATURDAY NEWS ?

AND LITERARY GAZETTE.

toe Salukulai News, since its temmeacement in July last, and a desire to meet that patronage by corresponding exertions, have induced us this week to publish a Double Number—being the largest sheet ever printed in Philadelphia for any purpose, and the largest literary many many printed in and the largest literary paper ever printed in the United States. To those of our friends who are practical printers, it need not be mentioned that this undertaking has involved erious mechanical difficulties. The largest or one of the largest presses in Philadelphia is used for our ordinary impression— but this would accommodate only a single page of the mammoth sheet, and we were obliged, therefore, to work four forms at different periods. The care used in paparing the paper—in removing and folding the sheets, &c., can only be estimated by those who have seen the experiment made; and, added to the necessarily increased amount of composition, press work, &c., these supple mentary expenses have made an aggregate cost, which would have deterred many from engaging in the enterprize. A gain of two thousand new subscribers will not repay the

actual cost of this single number.

We flatter ourselves that, besides its extraordinary size, this number presents atractions that entitle it to some attention. contains the whole of Friendship's Offering for 1837, the London copy of which costs sing for 1837, the London copy of which costs 84, and has 384 closely printed pages of let-ter press. Distinguished as the present age, and particularly our own country, has been for cheap reprints, we believe this surpasses any former instance. For four cents subscribers to the Saturday News receive, in addition to their ordinary supply of miscellane-ous matter, an English annual, the largest yet received for the coming season; and they receive it, moreover, in a form that, from its novelty, gives it additional value.

Of the general character of the Saturday News we need not speak. That has now become so well known as to require no comment. We may take occasion to say, however, that in enterprize and resources we notices of boo ever, that in enterprize and resources we yield to no other publishers in this city or elsewhere, and we are determined that our paper shall not be surpassed. We have entered the field prepared for zealous competition, and we stand ready in every way to reation, and we stand ready in every way to reation, and we stand ready in every way to reation. lize our promise, that no similar publication shall excel that which we issue. Our articles, both original and selected, we are not asham ed to test by any comparison which can be a-dopted; and there is no periodical in the U-nited States, monthly or weekly, which might not be proud of many of our contributors.

The issuing of this number may be regarded as an evidence of our intention and ability to merit success. Nor will it be the only effort—From time to time, as opportunity of fers, we proprose to adopt extraordinary means for the interest and gratification of our subscribers, L. A. GOABY, & Co.
